What is a 22 kW standby generator?

Standby Generator, 22kW | WiFi Enabled | G0070420 | One of the most powerful air-cooled generators on the market today, the Guardian Series 22 kW automatic home standby generator can provide whole-house backup power for many homes.

Why did you buy a 22kW generator?

Bought the 22kw generator, and we feel so relieved when the power goes out, that our Generac will start, and transfer power over to the house within seconds. It powers the whole house with ease. The 3 ton central A.C., double wall mounted ovens, all 4 burners on our glass cooktop stove, and well pump. It's like we've never lost power!

How does champion axis 22 kW generator work?

Champion aXis 22 kW generator features aXis Controller(TM) with 4-inch color display and Power Line Carrier technology, which uses your home's existing wiring so your generator can talk to the automatic transfer switch and other components without needing to run separate wires, saving you money and time on installation.
