Order spare parts for drilling rigs from us, and you'll receive high-quality components designed to perform even in the toughest conditions. Contact us to learn more about available spare parts and delivery terms!

What drilling equipment parts are available?

Some of the drilling equipment parts are stock and ready to ship and others can take weeks to deliver. Typical drilling equipment parts and manufacturers that can be offered are: SCR Sub. Assy 49000 System

What brands of drill rig parts do you carry?

We carry spare parts for top drill rig brands such as Diedrich, Atlas Copco, Geoprobe, CME, Acker, Mobile Drill, VersaDrill Canada, GtechDrill, and many others. We also offer drill rig tooling packages for direct push, geotechnical, hollow stem auger, core, and rotary drilling rigs, ensuring you get only the highest quality parts.

What parts do drilling rigs need to be replaced?

Drilling equipment undergoes significant stress, leading to the wear of certain components. At AGA Parts, you will find spare parts for drilling rigs that most often need replacement: Drill rods - a key element of the drilling rig that wears out from constant contact with rock. Bits and crowns - wear out when interacting with hard materials.

What are hydraulic drilling rigs?

Hydraulic drilling rigs - provide high precision and power during drilling. Each type of equipment requires reliable spare parts to ensure long-term and efficient operation. Drilling equipment undergoes significant stress, leading to the wear of certain components.
