

Down-the-hole drill rig equipped with an excavator

ANNENG WGQK-300: Heavy-Duty Down-the-Hole Drilling Rig What is the WGQK-300? The WGQK-300 isn't just another drilling rig--it's a workhorse built for the harshest job sites. ...

SWDQ120 split DTH drill rig for small quarry Drilling method: Separated Down-the-hole Hole diameter: 90-152mm DTH-hammer: 3.5, 4 and 5 inches Engine brand: YuChai SWDQseries ...

5 days ago; Converting an excavator to a down the hole drill rig, a mountain rock drill, a 360 degree rotary rot Excavation-to-drilling rig Subscribe Subscribed 0

? Down-the-hole drill bits are available in various sizes and specifications, and can be customized. We are committed to high-quality production, extending the service life of the drill ...

The drilling rig equipment is a mobile self-contained hydraulic crawlerd drill designed for blast-hole drilling in the mining, quarry and construction industries. The drill is equipped with a boom, ...

Down-the-hole drilling rigs | Choosing the right drilling rig You could need a drilling rig for a multitude of applications, for example to drill a well to access a ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

An excavator-mounted drilling rig operates by utilizing the hydraulic power of the excavator to drive the drilling tools into the ground. The excavator's boom and arm provide the ...

Excavator Mounted Rock Drills/Rock drill on the Excavator/ 1 finition Without affecting the function of the excavator, the excavator can be transformed into a ...

Product Description: The MX-150 Excavator Rock Drill Rig is a versatile and powerful drilling solution designed to convert standard excavators into efficient rock drilling machines.

The Carter 320D excavator is converted into a down-the-hole drill, and the modular quick-change device is used to switch the operating mode within 10 minutes. Equipped with a Cummins ...

Our full hydraulic DTH drilling equipment is equipped with a high air pressure air compressor. This type of DTH rig machine is suitable for blasting perforation of ...

Down-the-hole drill rig equipped with an excavator

Miniature design, flexible construction without obstacles: This DTH drill adopts a compact structure and can be installed on a small excavator. It is convenient to transfer and is ...

These rigs are excavator-based and have a modular drilling attachment installed on a standard excavator base. The modular drill system is mounted on the boom and arm of an excavator, ...

SWDQ120 split DTH drill rig for small quarry Drilling method: Separated Down-the-hole Hole diameter: 90-152mm DTH-hammer: 3.5, 4 and 5 inches Engine ...

CUTTING AND DTH DRILLING RIG(EXCAVATOR CHASSIS) This Sunward drill rig SWDR152B integrates the functionalities of an excavator and a rock drilling ...

SWDR165B excavator chasis DTH drill rig which combines the functions of excavator and rock drilling rig Product description Drilling method: Down-the-hole Hole diameter: 138-180mm DTH ...

The crawler open-air down-the-hole drill rig can be equipped with various types of down-the-hole impactors, which can drill blast holes, pre-split holes, anchor ...

Excavator Drills Canyon Equipment supplies rock drill attachments for any size, make or model of excavator and drilling equipment. Pneumatic or hydraulic drills with optional dust collection, ...

Crawler Excavator: The crawler excavator is a versatile, heavy-duty vehicle used to transport and position the DTH drill rig on-site. It is ...

The company offers a full range of drilling rig products, including water well drilling rigs, core - drilling rigs, truck - mounted drilling rigs, photovoltaic drilling rigs, down - the - hole drilling rigs, ...

Explore the efficiency and precision of Down-the-Hole (DTH) hammers in modern drilling applications. Learn about their mechanism, key components, advantages, and diverse ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

1, Guangxi Yuchai diesel engine, strong power; 2, the patented design of the composite boom, double cylinder lift, long trip, high tonnage 3, Each rig is equipped with stoppers to raise the ...

Its components include rock drilling head, hydraulic control system, hydraulic power air compressor, feed system, dust prevention system, and excavator ...

Hydraulic drilling rig JOY-3-GEO+SL400+TR1200 Fully equipped for geothermal drilling Special model

Down-the-hole drill rig equipped with an excavator

specially equipped for drilling boreholes in the field of ...

Zhengzhou Unique Industrial Equipment Co., Ltd, a reliable and professional supplier of Bore Hole Drilling Machine for Marble. Since founded more than 10 years ago, our company has ...

Our full hydraulic DTH drilling equipment is equipped with a high air pressure air compressor. This type of DTH rig machine is suitable for blasting perforation of soft rocks, medium-hard rocks, ...

ExcaDrill series includes six models covering the hole diameters from 30 to 127 mm. The use of the optional rod magazine allows drilling holes up to 29 meters deep. In practice, ExcaDrill is a ...

What is foundation drilling? Foundation drilling is, in essence, using big machines to put big holes in the ground. Most residential homes have a reinforced, ...

Find your pneumatic drilling rig easily amongst the 61 products from the leading brands (SOILMEC, Hengwang, Furukawa, ...) on DirectIndustry, the industry specialist for your ...

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called ...

Drill rig requirements For proper hammer performance, the geotechnical drilling rig should be equipped with a rotation unit providing minimum torque as per the table shown below.
