

## Fully automatic electric hydraulic rock drill accessories

Sandvik DT821 is a two-boom jumbo designed for fast, accurate tunneling and cavern excavation drilling. It can be equipped with hydraulic or electronic ...

The i-Class platform offers various levels of automation for rock support drilling as well as a large component commonality through the 400i drill range. This highly instrumented equipment ...

Sandvik DT1231 is a three boom electro hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavation. The hydraulic controlled drilling system with added automatic functions ...

TECHNICAL SPECIFICATION Sandvik DD422iE is an intelligent control system based mining jumbo with electric driveline system for underground development drilling and small scale ...

Epiroc rock drills are core components to your drilling equipment. To ensure the safest and most efficient operation of your equipment, we offer a full line of ...

Buy Electric Scaffolding Fully Automatic Electric Scaffolding Lifting Platform, Foldable Mobile Hydraulic Elevator Lift Table, Indoor and Outdoor Decoration ...

The heavy-duty BUT 45 boom helps you easily break ground and achieve desired advance rates in the toughest rock conditions. Inject your rig with computer intelligence and choose from the ...

As one of the most professional crawler mounted drill rig manufacturers, TAIYE fully hydraulic down-the-hole drilling rigs cover a bore diameter of 90-255mm. ...

We supply drilling equipment and rock drill supplies for mining and construction projects in the USA and Canada. Get a free quote on drilling tools.

The modern, powerful hydraulic rock drill and the smooth drilling controls system allow high drilling performance with good drill steel economy and high machine reliability. The operating ...

The TEI Mini Excavator Drill Attachment provides the power required for typical rock drilling applications and is ideal for installing rock bolts, soil nails and ...

Sandvik RD520 rock drills deliver superior performance with high consumable life. Sandvik SB150 universal booms have a large optimum shaped coverage and full automatic parallelism. In ...

## Fully automatic electric hydraulic rock drill accessories

The i-Class platform offers various levels of automation for rock support drilling as well as a large component commonality through the 400i drill range.

The robust universal boom has a large optimum shaped coverage, 360° rotation and full automatic parallelism for fast and easy face drilling. The boom can also be used for cross ...

Skidril manufactures gas, hydraulic & air post drivers, paving breakers and other machines for fencing, ranchers, construction and others.

Kaishan KM311 Automatic Rock Anchor Drilling Machine Rock Hydraulic Mining Bolt Drilling Rig for Coal Mine Gold The Kaishan brand KM311 Hydraulic rock ...

The Sandvik DL432i is a fully automated, electro-hydraulic longhole drill designed for underground mass mining, capable of drilling longholes up to 38 meters ...

Marini designs and produces certified hydraulic rock drill attachments ready to be installed on mini, midi and big self-propelled machines. The drilling equipment ...

TEI rock drilling attachments are the most versatile excavator drilling platforms available for ground improvement, earth retention, and rock drilling applications. These attachments are ...

The Rilon hydraulic rock drill and splitter attachments are innovative machines designed to perform rock excavation and crushing operations more efficiently ...

Store spare parts, dedicated tools, remote control components, rock drill oil, and more in the job box to keep these essential items easily ...

The purpose of the feed force is to keep the drill bit in close contact against the rock. The engineering challenge is to combine high feed force with good rotation.

This tunneling drill rig has automatic drilling functions and boom positioning. Thanks to the automated drilling of pre-planned drilling patterns combined with an extensive data collection ...

We offer an extensive range of rock drilling accessories, hydraulic drifters, rock splitters, drill bit sharpeners, dust collectors, spare parts, and complete ...

DL331 is a fully-mechanized, highly versatile and compact electro-hydraulic top hammer longhole drill designed for underground mining in 3 x 3 m or larger production drifts. It is capable of ...

It combines a rock drill, rock splitter, and excavator perfectly It adopts pin-shaft installation, so it is easy to

## Fully automatic electric hydraulic rock drill accessories

replace other equipment It can be rotated 360°; , ...

**TECHNICAL SPECIFICATION** Sandvik DT821-SC is a two boom electro-hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavation. The hydraulic controlled drilling ...

The exceptional "V"-shape layout is designed for good visibility and balance, which, combined with the powerful four-wheel-drive articulated carrier, ensures fast and safe manoeuvring even in ...

DL311 is a fully-mechanized and compact electro-hydraulic top hammer longhole drill designed for underground mass mining in 3.2 x 3.2 m or larger production drifts.

Transform your excavator into a rock drill with the Montabert®; CPA Rock Drill line. CPA Rock Drills are known for being low maintenance and high performance due to the Montabert®; ...

In conclusion, AliExpress offers an extensive range of rock drill machines and related hydraulic products, catering to various industries and applications. Whether you're in need of an electric ...

The pneumatic water well drilling rig adopt super hydraulic transmission, CNC control, automatic drilling experience Drilling Rock:20M~40M/Hour XHS series of well drilling rig is a lightweight, ...

**Integrated Hydraulic Rock Drill & splitter** An integrated hydraulic rock drill and splitter is a powerful and efficient tool for rock excavation projects. This ...
