

Integrated high air pressure down-the-hole drilling rig

The KT15 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

The RCZ452T integrated DTH drilling rig is an upgraded drilling rig adopting first-class core components and a single power pack design, where one diesel engine drives both the screw ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air ...

The KT15 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of down the hole drill rig to meet the ...

The Kaishan KT15 high pressure integrated drilling rig is specially designed as a high efficiency mining machine for large scale open-pit mines based on our years of experience designing ...

KT12 Integrated Down the hole Drill Rig The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air compression system.

The KT8C integrated down the hole drill rig is a highly advanced piece of equipment that delivers outstanding power and energy-saving performance. ...

The KG726III/KG726HIII down the hole drill rig for open use hydraulic system adopts variable system, its main valve and main pump adopt famous products, to ensure quality, and has the ...

Consists of integrated down-the-hole drilling rigs, full hydraulic open-pit drill carriages, multifunctional cutting drilling rigs, ground screw drilling rigs, down hole rock drill jumbos etc. It is widely used ...

The high pressure integrated drilling rig is specially designed as a high efficiency mining machine for the large scale open-pit mines. Check the details on this ...

Integrated high air pressure down-the-hole drilling rig

This integrated down the hole drill rig combines air compressor and drilling functions, perfect for DTH boring machine operations in mining.

Product Application of Zgyx-421T+ integrated high pressure blasting drilling rig open-air crawler down the hole drilling rig The drilling machine is supported by Yuchai YC6J190, with a 12/15 ...

KT10 integrated down the hole drill rig The KT10 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive ...

YGM type medium-pressure down-the-hole drill rig: left and right walking pressure: 17~18MPa, advancing pressure 12~16MPa, rotation pressure ...

The integrated open-pit down-the-hole drilling vehicle is an advanced drilling equipment that integrates the down-the-hole drilling system and the screw air ...

We're professional integrated down the hole drill rigs manufacturers and suppliers in China, specialized in providing high quality products and service. We ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating down the hole drilling system and screw air ...

King Kong range of Down-The-Hole Hammers ie:DTH hammers transmit intensive impact power, with low energy loss and reduced fuel consumption. Truly important features in sustainable ...

Equipped with the Yuchai China stage III Engine, high strength aluminum alloy propulsion beam, automatic rod handling system, drill pipe lubrication module and efficient dust collection ...

The KT20 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

ZT11 32m Depth 90-130mm Integrated High Pressure Open-Air Crawler Down the Hole Drilling Rig /Blast Drill Rig for Exploration

The KT20 integrated down the hole drill rig for open use is a new drilling device and production of down the hole drill rig to meet the needs of large open-pit ...

The KT20 high pressure integrated drilling rig is specially designed as a high efficiency mining machine for the large scale open-pit mines on the basis of our years of designing experience ...

Multifunctional Drilling Rig - High Power, High Efficiency, Maximum Versatility Multifunctional Drilling

Integrated high air pressure down-the-hole drilling rig

Rig is a high-performance, multi-purpose machine designed to meet demanding drilling ...

The KT20 high pressure integrated drilling rig is specially designed as a high efficiency mining machine for the large scale open-pit mines on the basis of ...

KT7 High Pressure Integrated Drilling RigOur KT7 high pressure integrated drilling rig is a DTH drilling machine that combines borehole drilling system and screw air compressing system. ...

Our KT7C integrated surface DTH drilling rig is designed to drill rocks quicker than normal equipment. It is equipped with a high-pressure screw air compressor, which enables you to ...

This 191kW Integrated Drilling Rig is a highly efficient, multi-functional machine that combines the power system, air compressor, hydraulic system, control unit, and crawler chassis into a ...

The drilling machine is driven by a powerful engine that activates the interior hydraulic movement system, high-pressure air end and DHT hammer, through ...

Leopard(TM) DI650i is an intelligent diesel-powered, self-contained, crawler-mounted down-the-hole drill rig built for demanding high-capacity production drilling applications in surface mining and ...

Capable of operating with both down-the-hole hammers and auger spiral drills, this robust rig is renowned for its high efficiency, strong torque, wide drilling diameter range, and superior ...
