

LS100 water well drill price supplier in oman

What is a LS100 water well drill rig?

The LS100 is the original small, DIY water well drill rig. It's economically priced and designed specifically for water well drilling in developing nations. The LS100 efficiently drills a 6-inch borehole to 100 feet in sandy and clay soils.

What makes the LS100 a good drill?

Its heavy-duty welded steel frame and robust 3,500-pound winch stand up to demanding drilling applications and the convenient swivel design allows the rotary to be moved for easy access to borehole. As a reliable, easy-to-operate drill, the LS100 has brought water to more than 50 countries.

Can a LS100 drill a borehole?

The LS100 efficiently drills a 6-inch borehole to 100 feet in sandy and clay soils. Its heavy-duty welded steel frame and robust 3,500-pound winch stand up to demanding drilling applications and the convenient swivel design allows the rotary to be moved for easy access to borehole.

How many countries does the LS100 drill go to?

As a reliable, easy-to-operate drill, the LS100 has brought water to more than 50 countries. The complete drill package easily fits in a 91-by-24-by-30-inch crate for convenient transportation. If playback doesn't begin shortly, try restarting your device.
