

Maizhe screw air compressor after-sales service

What is a rotary screw compressor overhaul?

Whether your compressor is showing signs of wear or has experienced a sudden failure, our rotary screw compressor overhaul service is designed to bring your equipment back to like-new condition. Our overhaul process includes: We start by performing a rigorous inspection of all major components to identify worn or damaged parts.

Do rotary screw & reciprocating compressors need maintenance?

From minor repairs to complete overhauls, our technicians have the tools and expertise to get the job done right--fast. To keep your rotary screw or reciprocating compressor running at maximum efficiency, regular maintenance is key.

Where can I buy air compressor parts?

We have finished units and aftermarket parts routinely in stock. When your air compressor fails or has operational issues, look to Kaishan USA. Our network of factory-trained distributors, who have an investment in their local communities, can service your air compressor system without a problem.

Should I buy a factory airend or a rotary screw compressor?

If you own a rotary screw compressor and have been faced with the high cost of a factory airend, you now have a better choice. CMS Airends is one of the largest aftermarket airend rebuilders in the world and has been servicing and rebuilding rotary screw compressor airendssince 1977.

Do rotary screw compressors need emergency repair services?

Breakdowns can happen at any time, and when they do, you need a reliable partner who can respond quickly. Our team offers 24/7 emergency repair services for rotary screw compressors to minimize downtime and keep your operation moving.

What if my reciprocating compressor needs a full overhaul?

If your reciprocating compressor requires a full overhaul, we'll disassemble the unit on-site, ship the parts to our facility for repair, and reassemble the unit once all repairs are completed. We service all major brands, including Worthington, Joy, and Bellis & Morcom, ensuring your equipment runs at OEM standards.
