

Off grid rock drill military term

What is a ROC drill?

A ROC Drill, or Rehearsal of Concept Drill, is an exercise usually used by the military to talk through complex missions and ensure all key personnel understand their roles. It is done at all levels of planning, from strategic large-scale operations, through to small-team special operations missions.

How did a rock drill work?

(U) Rock Drills were developed as a way for military field commanders to test their battle staffs and subordinate commanders before the execution of mission. The commander would begin by disseminating his OPODER (Operations Order) for the mission. After his subordinates had time to process the order, they would be called together for a Rock Drill.

Is a ROC drill in a military field manual?

However, "ROC Drill" is not. *In Short: You will not find "ROC Drill" in any Army Field Manual, unless the same lazy individual who invented the "ROC Drill" from a "Rock Drill" is now in TRADOC rewriting publications. What else can I help you with? What US Army Field Manual covers Military History? What is military expediency?

What does Rock Drill mean?

In order to justify the "Rock Drill", someone somewhere decided to come up with the cute Abbreviation "ROC" and say it means "Rehearsal of Concept". When it boils down to it, it is either a "Course of Action Analysis (Wargame)" or a "Terrain Board Rehearsal", either of which is doctrinally correct (depending on where in the MDMP they occur).

Are the Rock Drill objectives covered up front?

Although the Read Ahead outlined the Rock Drill objectives, I do not recall them being covered up front in the overview presented on Day 1. Yes and No. Tell what the deliverables will be used for past exercise. Very well, excellent presentation. Yes. Yes. k. Yes for initial session. 1. Yes. m. Yes, excellent presentation. 0.

How did a Commander make a rock drill?

The commander would begin by disseminating his OPODER (Operations Order) for the mission. After his subordinates had time to process the order, they would be called together for a Rock Drill. In the Rock Drill each staff member or commander would discuss his particular role and mission during the operation.
