

Oman klemm 803 drill rig manufacturer

What is a KR 801 drilling rig?

Compact, powerful and Universality. The KR 801 defines its own class of especially compact and at the same time universally usable drilling rigs. With a 2200 mm wide oscillating crawler, the KR 801-3GS drilling rig is perfectly suited to almost all tasks in specialised foundation engineering - from easy to more challenging drilling work.

What is Klemm KR 801?

The compact and powerful universal and anchor drilling rig from KLEMM. Compact, powerful and Universality. The KR 801 defines its own class of especially compact and at the same time universally usable drilling rigs.

How many types of drilling rigs does Klemm Bohrtechnik offer?

Universal or specific: In each case, KLEMM Bohrtechnik supplies the most suitable drilling rig in terms of weight, size, performance, field of application and equipment. More than 25 drilling rig types provide the basis for maximum adaptation and individualisation. KLEMM Product Range

Who is Klemm Bohrtechnik?

KLEMM Product Range Developed for practical application: KLEMM Bohrtechnik develops and manufactures rigs and drilling equipment for drilling in specialised foundation engineering. Numerous patents speak for the high degree of innovative capability and technical competence.

How safe is the Klemm Bohrtechnik machine?

The functional safety of the machine controls complies with Performance Level C (ISO 13849), making its design extremely resistant to faults and fail-safe. The ROM and SPM modes are available in the machine in accordance with EN 16228. The machine is pre-fitted for installation of a KLEMM Bohrtechnik interlocking guard.

Does a drill rig need an interlocked guard?

An interlocked guard meeting the requirements of EN 16228 is available for the drilling rig for vertical drill mast positions. In the vertical position, the drill mast can be pivoted along its longitudinal axis, so that drilling points can be approached to the side of the crawler tracks.

Epiroc Oman has a wide range of Drill Rigs, Excavator Attachments, Loaders and Trucks, Ventilation Systems and also have you covered with excellent Aftermarket Services.

KLEMM Bohrtechnik presented several of its compact anchor and geothermal drilling rigs at bauma 2025 - including two new developments.

Oman klemm 803 drill rig manufacturer
