

## Open-air integrated down-the-hole drill rig

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air compression system.

This machine is produced based on our company's years of drilling-rig-making experiences, which is specially designed to meet the demands of operators ...

The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the hole drilling system and screw air compressor system. It is capable of drilling ...

The ZT5 integrated open-air DTH drilling rig is an advanced equipment featuring an automatic rod-changing system and ergonomic cab. It integrates a DTH drilling system with a screw air ...

The KT7D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, It is capable of drilling ...

Product Application of Zgyx-421T+ integrated high pressure blasting drilling rig open-air crawler down the hole drilling rig The drilling machine is supported by Yuchai YC6J190, with a 12/15 ...

PD INNOVATE PDKJ- 845 Integrated Down -the- hole Drill rig Features: KH847 Integreted Blasting Hole Down-The-Hole Drill Rig 1:Enhanced steel propulsion beam, ...

A high air pressure screw rod with our intellectual property is mounted on the machine. KT5C Integrated Down the hole Drill Rig for Open Use The KT5C ...

The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

It can drill vertical, inclined and horizontal holes of ?115-152mm, mainly used in open air Drilling blasting holes and pre-splitting holes in mines and stonework. The drilling rig is equipped with ...

The KT9C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

Explore the various integrated open air drilling rig products available for wholesale at Alibaba . Get a integrated open air drilling rig for drilling water wells, water exploration holes, geological ...

# Open-air integrated down-the-hole drill rig

It integrates a DTH drilling system with a screw air compression system, powered by a Yuchai six-cylinder engine. Compact in structure with excellent integrity and mobility, this rig delivers ...

Our full hydraulic DTH drilling equipment is equipped with a high air pressure air compressor. This type of DTH rig machine is suitable for blasting perforation of ...

The integrated open-pit down-the-hole drilling vehicle is an advanced drilling equipment that integrates the down-the-hole drilling system and the screw air ...

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the ...

Multifunctional Drilling Rig - High Power, High Efficiency, Maximum Versatility Multifunctional Drilling Rig is a high-performance, multi-purpose machine designed to meet demanding drilling ...

The ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet the needs of large open-pit mines. Its travelling, ...

ZGYX-451 integrated open-air DTH drilling rig, this machine merge with hydraulic/compressed air/photoelectric technology, it is a integrated unit, adopt "soft" connection type to integrate all ...

Integrated Open-air Crawler Type Diesel and Electric Drive Down The Hole Drilling Rig Rock Drilling Engineering DTH Drilling Rig rotary drilling rig cable percussion drilling rig - ...

Products Description The KT5C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, It ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...

The ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet the needs of large ...

The HFKT7D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, It is capable of ...

KT10 integrated down the hole drill rig The KT10 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive ...

Leopard(TM) DI650i is an intelligent diesel-powered, self-contained, crawler-mounted down-the-hole drill rig

## Open-air integrated down-the-hole drill rig

built for demanding high-capacity production drilling applications in surface mining and ...

The drill rig is characterized by excellent integrity, high automation, efficient drilling, environment-friendliness, energy conservation, simple operation, ...

The ZT5 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of down the hole drill rig to meet the ...

ZT11 32m Depth 90-130mm Integrated High Pressure Open-Air Crawler Down the Hole Drilling Rig by Kaishan offers high efficiency and easy operation for mining.| Alibaba

The JL452H integrated down the hole drilling for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system. It is capable of ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating down the hole drilling system and screw air ...

Equipped with the Yuchai China stage III Engine, high strength aluminum alloy propulsion beam, automatic rod handling system, drill pipe lubrication module and efficient dust collection ...

DTH drilling rigs can be equipped with diesel or electric motors according to different working conditions. During the rock drilling process, the impactor sneaks into the ...
