How many tripod rigs does AmDrill have?

AmDrill has 2 Tripod Rigs. Our Tripods are ideal for extreme terrain where most rigs cannot reach. Such conditions may be thick tree growth in wetlands or job sites that require minimum environment disturbance. Our Tripods can be set up on ground or any platform necessary for the job. Used for inaccessible areas, land or water.

What is a tripod piling rig?

Piled foundations are three times more than their breadth. This type of foundation can be built using a tripod piling rig, which is a robust machine that can be used to push the pile deep into the soil quickly. Here is a look at its key benefits: It functions accurately. Capable of finishing piling quickly.
